

PE impact 2018-2019

Amount	What it has been spent on	Impact
£7040	Daily Mile Track and Bark Area	Increased fitness and concentration in class. Additional space to use during inclement weather at playtimes and lunchtime.
£2200	Schools Sports Partnership, inc Fleetwood Town	See below
	Dance after school club for KS1 and KS2	These clubs offer great developmental benefits that help them physically and socially. They play a hugely significant role in encouraging physical activity and improve self-esteem. They allow children to develop their fundamental movement skills and give them the opportunity to learn new skills.
	Basketball after school club for KS1 and KS2	The children thoroughly enjoyed Basketball and improved all aspects of the sport and the child's development. They developing their dribbling, shooting, passing and pivoting skills.
	CPD for welfare staff	Welfare staff have the confidence to lead games and interact with the children to promote activities and team work. Lunchtimes are more harmonious with children developing fitness and increased confidence.
	Quidditch	Through Quidditch, children were able to improve the basic movements which are easily transferred to other sporting arenas such as developing hand-eye coordination and communication. Additionally, the inclusion of several games that are ongoing simultaneously creates excellent pitch awareness and develops tactical thinking. Quidditch is a high-octane game combining aspects of different sports like handball, rugby and dodgeball. These diverse elements make Quidditch a challenging and physical sport to play.
	Updated PE Scheme of work	This course explained the new scheme of work to the subject leader which includes the introduction of 'character' into the plans. The subject leader then set up a staff meeting to share the new teaching and learning in PE with all staff ready to implement in Sept'19. This will allow the children to develop their skills such as self-motivation, problem solving, determination, honesty and respect.
	How to be an effective PE subject leader course	This course helped the Subject Leader develop their role and create an audit for PE which highlighted strengths and weakness in the provision of PE in school. The subject leader can now address the weakness in order to improve teaching and learning in PE.
£260	Supply cover to release staff for CPD	
£900	Karate after school	This club has a range of benefits to the children especially improving self-esteem, concentration and behaviour. It helps to improve the children's self-control and focus.

£400	Blackpool Tower Ballroom Dance	This provided the Year 3 class with the opportunity to learn a dance and preform it to their parents at the Blackpool Tower Ballroom. It improved children's confidence when performing to a large audience and improved their co-ordination skills.
£400	Sport's Day medals	Promotes healthy competition and encourages a love of sport whilst celebrating sporting talent within the school.
£1,400	Replacing equipment	Lunchtimes – children more physically active and engaging with team activities. Curriculum – sufficient resources to ensure maximum engagement and participation in lessons.
£3,300	Commando Jo	To be introduced within the curriculum offer from September 2019
Within school budget	Swimming provision – additional lessons for Y6 pupils who have yet to reach the expected standard.	72% met or exceeded the swimming standard and 79% met the water safety standard.
£17,000	Banked towards the cost of developing a MUGA as the school field is often unusable.	
£2,000	Carry Forward to 2019-2020	Carry forward is towards the development of the sensory garden to promote well-being. £2,000 also to be used from 2019-20 allocation. This project remains under development.
