

Year 5 Curriculum Overview

Autumn 2: Food, Glorious Food

English

We will be reading two texts this half term: *Oliver Twist* and *A Christmas Carol*.

Children will learn how to:

Write a new chapter linked to the novel with a historical setting.

Do a presentation linked to reading, e.g. Is Fagin a hero or a villain?

Write a play script for a new scene of a familiar film with a historical setting.

Prepare playscripts to read aloud and perform.

Prepare poems to read aloud and perform, showing understanding through intonation, tone, volume and action so the meaning is clear to an audience.

Write a new poem, based on a model.

Physical Education

The children will take part in:

Move & Learn programme

Dance

Swimming

French

Adjectives

Write words, short phrases and short sentences.

Match sound to sentences.

Music

Classroom Jazz (Charanga)

Children will have opportunities to sing, play, improvise, compose and perform songs.

Science, History, Art, D&T and Computing

In Science, the children will learn about properties and changes of materials, reversible changes including mixing and separating and insoluble and soluble materials. They will explore reversible changes including evaporating, filtering, sieving, melting and dissolving, recognising that melting and dissolving are different processes.

In Geography, the children will learn how to locate the world's countries, improve mapping skills, learn about climate zones and vegetation belts, read and compare map scales, learn about Fairtrade food and the journey of food from field to fork.

In DT, the children will be learning about different French foods and making ratatouille.

In ICT, we will focus on coding. The children will start to develop independence in a visual programming language, writing their own code rather than just following instructions and testing out ideas.

Mathematics

The children will learn:

- Develop Mental \times and \div (factors, multiples)
- Division including problems
- Learn more about fractions (compare, order, equivalence)
- Multiplication and measures (area)
- Statistics and measures (time)

RE & P.S.H.E

RE:

- Islam - Why is the Qur'an so important to Muslims?

PSHE:

- Health and wellbeing
