Dear Parents,

I wanted to update you with some concerning information.

During our PSHE lessons some of our older pupils have mentioned that whilst gaming, they have engaged in chat with unknown people. A number of children reported that they have encountered adults using voice adapters to change their voice to that of a child.

In an ever-evolving digital world it is difficult to keep abreast of new challenges. We teach the children how to be safe online but recognise that it can be difficult to put this into practice. Please can you speak with your child to reiterate how to keep safe online and what to do if they encounter anything that makes them feel uncomfortable.

The ThinkUKnow website is a fantastic resource that has useful resources for parents and children.

Thank you for your continued support,

*Angeli Slack*
